

# Discus fish

## Done? Let it swim!

1. Scan the QR code with your phone.
2. Take a photo of the whole colouring sheet.
3. Good light, and all four corner markers in frame.

## Did you know...

- a discus fish got its round, flat shape to hide among water plants?
- discus fish feed their young with a slimy layer on their own skin?
- discus fish come from the Amazon, the largest river in the world?
