

# Dolphin

## Done? Let it swim!

1. Scan the QR code with your phone.
2. Take a photo of the whole colouring sheet.
3. Good light, and all four corner markers in frame.

## Did you know...

- dolphins call each other with their own whistle, just like a name?
- a dolphin sleeps with half its brain and keeps one eye open to spot danger?
- dolphins have to come up to the surface every few minutes to breathe?
