

Squid

Done? Let it swim!

1. Scan the QR code with your phone.
2. Take a photo of the whole colouring sheet.
3. Good light, and all four corner markers in frame.

Did you know...

- a squid squirts a cloud of ink to escape from its enemies?
- a squid can change colour in a blink using pigment cells in its skin?
- a squid has ten arms, two more than an octopus?
