

# Pufferfish

## Done? Let it swim!

1. Scan the QR code with your phone.
2. Take a photo of the whole colouring sheet.
3. Good light, and all four corner markers in frame.

## Did you know...

- a pufferfish can blow itself up as big as a balloon when it is scared?
- the poison of a pufferfish is stronger than the deadliest snake venom?
- a pufferfish can nibble through hard shells and coral with its little teeth?
