

# Swordfish

## Done? Let it swim!

1. Scan the QR code with your phone.
2. Take a photo of the whole colouring sheet.
3. Good light, and all four corner markers in frame.

## Did you know...

- a swordfish can swim more than 90 kilometres per hour with its bill?
- a swordfish uses its bill to slash quickly through schools of fish?
- a swordfish can warm up its body to make its eyes see more sharply?
